

AN EDUCATIONAL ACTIVITIES BOOK

TAKE THE **TECO** CHALLENGE™

**Do You Have What It Takes
to be a Green Superhero?**

NOTE TO PARENTS AND GUARDIANS

Green Superheroes Wanted!

The "Take the EcoChallenge" Educational Activities Book teaches children about the environment and what they can do to help keep the Earth clean and green. Each page has a fun activity to learn about the right way to reduce, reuse and recycle our resources. In just three easy steps, your child can become a Green Superhero by making small changes for a big impact. Our planet is calling on YOU to step up to the challenge!

How to Help

Step #1: *Work on the Activity Book together*

Help complete or explain any concepts that your child does not understand. Be sure to check out the Recycling Resources page at the end to see which ones can be part of your everyday efforts to reduce, reuse, recycle.

Step #2: *Visit the EcoChallenge Exhibit at Discovery Cube OC*

Discovery Cube OC and OC Waste & Recycling have partnered to bring an interactive, eco-friendly recycling exhibit to Orange County residents at the Cube. Take the free child admission coupon on the back of this Activity Book for a hands-on experience that reinforces what you and your child have learned.

Step #3: *Be A Green Superhero Every day!*

Make a commitment to adopt your own earth-friendly practices at home. Make plans to take a compost class, label some recycling bins at home or plan a trip to your closest Household Hazardous Waste Collection Center to drop off items that should be kept out of the trash. Empower the whole family to put eco-friendly practices in place.

Small Changes, Big Impact !

Landfill Gas to Energy

Follow the journey from trash to energy

Americans generate about 4-6 pounds of trash a day per person.

OCWR's three landfills generate enough electricity to power nearly 40,000 average U.S. homes.

Recycling Match-Up

Color each item and draw a line to match it to the correct bin.

Answer Key: Organics - Sticks, flowers, apple core, bread
Recycle - Plastic containers, newspaper, cardboard
Trash - Cracked glass

Garbage Truck Maze

Help the driver finish his route to the materials recovery facility, or MRF for short. There, recyclables are sorted and shipped off to begin a new life.

Home Waste Audit

Did you know the average American generates about 4-6 pounds of waste per day that gets sent to the landfill? Take charge as a Green Superhero by taking this home waste audit. Check the items you currently do at home. Then pledge two things you will do to reduce waste.

I reduce:

- ☐ Food waste through better meal planning
- ☐ Food scraps by composting inedible food
- ☐ Packaging by buying in bulk
- ☐ Trash with a reusable lunch bag and containers
- ☐ Plastic bags by replacing with reusable bags

I reuse or repurpose:

- ☐ Clothing and shoes
- ☐ Home goods through donations or garage sales
- ☐ Shipping boxes
- ☐ Paper (including printer, wrapping and newspaper)

I recycle:

- ☐ Aluminum cans
- ☐ Glass and plastic
- ☐ Newspapers and magazines
- ☐ Cardboard
- ☐ E-waste by taking it to a Household Hazardous Waste Collection Center
- ☐ Batteries (HHW center)
- ☐ Yard and food waste by placing into my green waste bin

Pledge to reduce trash in landfills. List two new things you will do to decrease waste.

1. _____

2. _____

Did you know?

About 30 percent of waste in landfills is organic waste.

Compost makes soil better for growing things.

Color the items below that can all be composted.

Repurpose

There are many things in your home that you can recycle and reuse.

Ask an adult if you can share or donate toys, games, books, and clothes you don't need anymore.

Activity: Pick SEVEN items in this room that can be recycled or reused when you don't need them anymore.

Poop Free Zone

Did you know pet waste contaminates green waste?

POOP FREE ZONE

Color the correct bin you should put your pet waste in.

Put pet waste in your trash bin,
not in your green bin.
