

# Community Meeting

WEDNESDAY  
**FEBRUARY 28**  
6 TO 8 P.M.

NEWPORT COAST COMMUNITY CENTER  
Pelican Room  
6401 San Joaquin Hills Rd.  
Newport Coast, CA 92657

Coyote Canyon Closed Landfill is operated by OC Waste & Recycling (OCWR). The proposed project will divert the landfill gas that is currently being flared and convert the gas into renewable natural gas that will supply the SoCalGas pipeline.

This approach captures and beneficially uses over 90% of the Methane and reduces site emissions. The plant will be constructed within the walls of the existing gas collection facility.

Archaea Energy, a leader in renewable natural gas production will be constructing a Renewable Natural Gas (RNG) plant located at:

Coyote Canyon Landfill (Closed)  
20662 Newport Coast Dr.  
Newport Beach, CA 92657

## Project Timeline:

- Construction anticipated to begin January 2025.
- Facility anticipated to be operational Fall 2025.

### Topic of Discussion:

## “Converting Landfill Gas-to-Energy”

### Guest Speakers:

- BAFFOUR ENNIN, ARCHAEA ENERGY
- NICK BAUER, ARCHAEA ENERGY
