

COUNTY OF ORANGE

Waste & Recycling

Our Community. Our Commitment.

IT STARTS WITH YOU!

Help Turn Food Waste into Something Good!

Organic waste, once placed in the organics bin, is now transformed into compost and mulch that nourishes yards, gardens, parks, and landscapes across Orange County.

YOUR CHOICE CAN MAKE A BIG IMPACT

Keep Food
Waste Out of
the Trash

When you toss your food waste into the organics bin, you're not just helping the environment—you're creating a valuable resource!

Free compost and mulch is available for pick up at our three OC Greeneries. Visit our website or scan the QR code to schedule a pick today.

DID YOU KNOW?

Household food waste is the largest source of wasted food in the U.S. and California households contribute more than 4 million tons annually!

When food waste goes into the landfill, it releases methane—a potent greenhouse gas that accelerates climate change.

Help California reach its SB 1383 goals for a cleaner, healthier future.
