Project Description	
Total Project Valuation: \$	Total Project Square Footage:
Estimated Total Debris Tonnage:	Estimated Completion Date:

Option 1: Complete the construction waste management compliance plan – complete in full				
Please indicate tonnage, type of material, diversion method and hauler/facility that will be used				
See attached list of suggested facilities and franchise waste haulers				
Material Type	Estimated Tonnage Diverted - Recycle, Reuse, Salvage, Compost	Diversion Method - Recycle, Reuse, Salvage, Compost	Estimated Tonnage Disposed - Landfilled	Proposed Site, Hauler, Facility, or Recycler
Asphalt/Concrete				
Brick/Masonry/Tile				
Cardboard				
Wood				
Metals				
Landscape Debris				
Soil/Rock				
Carpet, Padding/Foam				
Other:				
Other:				

Option 2: Utilize an approved facility (Found on Page 6) – Please list all facilities you plan to utilize.
** Must include proof (tonnage receipts, bill, letter from facility)

THIS PAGE TO BE SUBMITTED TO OC PUBLIC WORKS

Option 3: Project is expected to meet the Waste Stream Reduction Alternative – check which applies

Non-residential new construction with a combined disposal weight of up to 2 lbs/ft ²	
Residential low-rise (3 stories or less) new construction with a combined disposal weight of up to 3.4 lbs/ft ²	
Residential high-rise (4 stories or more) new construction with a combined disposal weight of up to 2 lbs/ft ²	

Administrative Fee

A \$25.00 administrative fee will be collected for all covered Construction and Demolition (C&D) projects. The application fee helps recover costs directly related to processing and reviewing each application.

Process for Compliance

- Upon completion of the C&D project, the applicant must email, fax, mail, or hand-deliver copies of the completed Compliance Report (page 3 of this packet) and all project related documentation including disposal/recycling receipts or tickets to OC Waste & Recycling.
- OC Waste & Recycling staff will review for compliance.
- If applicant is deemed to be in compliance, staff will respond via email within 3 business days and no further action is required. If the applicant is deemed to be non-compliant, fines may be assessed which must be paid prior to the issuance of any final Certificates of Occupancy by OC Public Works.

Fines and Penalties for Non-Compliance

- Should the applicant fail to meet the diversion policy requirements, a fine may be assessed in accordance with the following chart, which must be paid prior to the issuance of the final Certificate of Occupancy.

	Residential	Non-Residential
First Non-Compliant Violation	Education and Warning	Education and Warning
Second Non-Compliant Violation	Up to \$250 Per Day	Up to \$500 Per Day
Subsequent Non-Compliant Violations	Up to \$500 Per Day	Up to \$1000 Per Day

Applicant Verification

I certify under penalty of perjury that to the best of my knowledge these estimates are true, and that the estimates reported on this form are my best estimate of the disposition of the construction and demolition material to be generated at the project site.

I understand that these materials must comply with the 65% diversion requirement or pay fines based on the table above. Disposal receipts must include tonnage, cubic yards, or truck size and number of loads.

Additionally, I have been advised that new projects must meet the requirements of the California Green Building Standards Code, and I will comply with the mandatory requirements for material conservation and resource efficiency as applicable. I understand that if fined, the fine must be paid prior to the issuance of the final Certificate of Occupancy by OC Public Works.

Construction & Demolition Debris Diversion Program – FINAL Compliance Report

****Submittal of this form is required in order to close your permit****

****YOU MUST CHOOSE OPTION 1, 2 OR 3****

Save documentation (bills, disposal/recycling receipts, as they are **required** for compliance verification.

After project completion, please complete this form in its entirety listing all permits associated with job site, attach your weight slips or other records of measurement from recycling companies that show actual tonnage of diverted materials, and submit to OC Waste & Recycling using the above address, email or fax.

THIS PAGE TO BE SUBMITTED TO OC WASTE & RECYCLING

Orange County Construction and Demolition (C&D) Debris Diversion Program

How to comply with the C&D Program Requirements:

Before you start your project:

- 1) Obtain a Construction & Demolition Debris Diversion Program information packet from OC Public Works at 601 N. Ross St., Santa Ana, CA 92701 or online at www.oclandfills.com/recycling.
- 2) Complete and sign the included "Construction & Demolition Diversion Compliance Work Plan" (Pages 1 and 2 of this packet) and submit to OC Public Works – Planning Department.

Decide how you will comply during your project:

There are three ways to comply with the C&D Program.

Option 1 – Construction Waste Management Compliance Plan

Track your tonnage diverted, diversion method, and tonnage disposed making sure you comply with the minimum 65% diversion. This information will be listed on the Final Compliance Report under Option 1 on page 3 of this packet.

OR

Option 2 – Utilize an approved Waste Management Facility

Approved facilities can be found on Page 6. Save your documentation (bills, tickets etc.) to include under Option 2 on the Final Compliance Report.

OR

Option 3 – Waste Stream Reduction Alternative (Cannot be used for demolition projects)

Track your tonnage to be sure you will not exceed the mandated lbs/ft². Save your documentation to include under Option 3 on the Final Compliance Report.

After your project:

- 1) Submit your "Construction and Demolition Debris Diversion Program – Final Compliance Report" (Page 3 of this packet) and copies of documentation, including disposal/recycling receipts to OC Waste & Recycling via email, mail, fax or hand-delivery. The Compliance Report can also be found on-line at www.oclandfills.com/recycling.
- 2) OC Waste & Recycling will review the Final Compliance Report and receipts for compliance and reply via email within 3 business days.
- 3) If applicant is deemed in compliance, no further action is required. If applicant is deemed to be non-compliant, fines will be assessed as stated in the program guidelines.

Construction & Demolition Diversion Program

OC Waste and Recycling's Construction & Demolition Diversion Program requires certain projects to divert at least 65% of nonhazardous materials from landfills. This packet will explain the policies and procedures required to comply with this program. Please call or email OC Waste & Recycling at the above contacts with any questions.

Covered Projects: Pursuant to Title 24, Part 11 of the California Code of Regulations (CALGreen), and the Orange County Board Resolution 16-001215 the following are covered projects:

- All newly constructed building and demolition projects which require a permit.
- Non-residential: All permitted additions and alterations.
- Residential: All permitted additions and alterations that increase the structure's conditioned area, volume or size.
- All demolition only projects.

Diversion Requirements

Projects must recycle, reuse and/or salvage for reuse a minimum of 65% of the nonhazardous construction and demolition waste and 100% of trees, stumps, rocks, vegetation and soil resulting primarily from land clearing in accordance with one of the three options explained on page 4.

1. Complete the construction waste management compliance plan.
2. Utilize an approved waste management facility.
3. Generate a minimal amount of waste to meet the requirement of the waste stream reduction alternative.

Approved Waste Management Facilities

The County maintains a list of approved waste management facilities that meet industry standards relating to the proper recycling and diversion of appropriate materials. Utilizing one of these facilities ensures compliance of this policy. The list is attached to this packet (page 6) and can also be accessed at www.oclandfills.com/recycling by clicking on the link for Recycling Facilities. Be sure to save your documentation.

Administrative Fee

A \$25.00 administrative fee will be collected for all covered C&D projects. The application fee helps recover costs directly related to processing and reviewing each application.

Fines and Penalties of Non-Compliance

Should the applicant fail to meet diversion policy requirements, a fine may be assessed which must be paid prior to the issuance of the final Certificate of Occupancy. Please refer to www.oclandfills.com/recycling for more information.

	Residential	Non-Residential
First Non-Compliant Violation	Education and Warning	Education and Warning
Second Non-Compliant Violation	Up to \$250 Per Day	Up to \$500 Per Day
Subsequent Non-Compliant Violations	Up to \$500 Per Day	Up to \$1000 Per Day
